WOOLLAHRA COUNCIL

I want to represent the Cooper Ward community because I am passionate about our area's incredible heritage, leafy canopy trees, beautiful parks and walkable, village feel.

I have called Woollahra home for forty years and understand how development pressure is threatening our area's liveability. I will continue my strong stand against overdevelopment and multi-storey towers at Edgecliff, and campaign to return planning powers to elected councillors - the only way to put residents back at the centre of our planning system.
