## WOOLLAHRA COUNCIL

I want to continue representing Paddington ward - the special area and community that I've called home for over ten years. I am passionate about our incredible heritage, leafy streetscapes, beautiful parks and walkable, village feel.

Development pressure is threatening our area's liveability, heritage and environment. I will continue my strong stand against overdevelopment and multi-storey towers at Edgecliff, always defend heritage values and campaign to return planning powers to elected councillors - the only way to put residents back at the centre of our planning system.
